**Attachment A**

Singapore Telecom USA, Inc. ("Singapore Telecom") has established policies and procedures to comply with the Federal Communications Commission's ("FCC") rules pertaining to the use, disclosure and access to customer proprietary network information ("CPNI") set forth in Section 64.2001 et seq. Singapore Telecom has trained its personnel in the appropriate use of CPNI. Singapore Telecom's handbook summarizes the appropriate use of CPNI and has a disciplinary process in place for failure to use CPNI in accordance with Singapore Telecom's policy.

In accordance with Singapore Telecom's policy, Singapore Telecom does not use CPNI for any marketing purpose other than to market services to customers within the same category of service to which they already subscribe. For example, Singapore Telecom may contact the customer regarding extending the length of the customer's contract with Singapore Telecom. Singapore Telecom may also use CPNI as required to render services and to bill for such services. Singapore Telecom does not share CPNI with affiliates or third parties.
